Rama Construction Plc is dedicated to being a leader in the Ethiopian construction industry by delivering excellence through sustainable, safe, and high-quality infrastructure. We operate an IMS in strict accordance with the international **ISO 9001, ISO 14001, and ISO 45001**.

To fulfill this commitment, we pledge to:

1. Digital Quality & Customer Satisfaction

- **Operational Excellence:** Achieve optimal customer satisfaction by integrating digital quality tools and Building Information Modeling (BIM) to ensure timely, cost-effective, and defect-free project delivery.
- **Continuous Evolution:** Ensure the continual improvement of our processes and management systems through data-driven performance evaluations.

2. Climate Action & Environmental Stewardship

- **Climate Resilience:** Maintain an eco-friendly work environment by identifying and mitigating our carbon footprint, contributing to global Climate Change mitigation and the Ethiopian Green Legacy Initiative.
- **Waste Management:** Eliminate activities and waste that harm the environment through circular economy principles and efficient resource use.

3. Occupational Health & Safety (OH&S) & Community Protection

- **Zero-Harm & Perimeter Control:** We foster a zero-harm culture through rigorous hazard elimination, comprehensive risk mitigation, and strict site perimeter controls to protect our employees and project neighborhoods.
- **Worker Consultation & Participation:** We explicitly commit to the ongoing consultation and active participation of workers and health and safety committees at all levels.
- **Psychosocial Wellbeing & Empowerment:** We address mental health and psychosocial risks, ensuring no injured or stressed worker returns to duty without confirmed wellness support. Every individual is fully empowered to stop unsafe work without fear of reprisal.
- **External Stakeholders:** We ensure all contractors, suppliers, and visitors receive the necessary information, safety inductions, instructions, and supervision to align with our corporate safety standards.

4. Legal Compliance & Governance

- **Regulatory Adherence:** Comply with the **FDRE Labor Proclamation 1156/2019**, environmental laws, and workers' compensation legislation.
- **Performance Targets:** Regularly review measurable QEHS objectives and targets to eliminate work-related injuries, illnesses, and environmental non-conformities.
