Subject: Internship Completion Letter

To Whomever It May Concern,

I hope this message finds you well.

I am writing to formally confirm that Yonathan Girum Zewdu, a student of Political Science and International Relations at the University of Messina, successfully completed his professional internship with Tensae Development Plc. Yonathan was an active member of our organization from December 1, 2025, to March 1, 2026, during which time he successfully completed a total of 210 internship hours within the Human Resources Department.

Throughout the duration of his internship, Yonathan undertook a comprehensive range of responsibilities tailored to corporate governance and human capital operations. His duties included assisting with the implementation of internal workplace policies, drafting critical organizational communications, supporting employee relations mediation, and streamlining recruitment coordination workflows. He consistently demonstrated a high degree of professionalism, absolute reliability, and a deep commitment to the core values of our company.

One of Yonathan's most notable contributions was his diligent work in evaluating local labor regulations to support our internal workplace compliance frameworks. In this capacity, he analyzed how standard institutional structures and organizational governance align with evolving regulatory environments. His work clearly reflected strong analytical capabilities, sharp critical thinking skills, and a sophisticated understanding of complex organizational and administrative dynamics.

Yonathan's ability to clearly communicate his findings to senior management, combined with his collaborative and proactive approach to corporate problem-solving, made him an exceptionally valuable asset to our HR team. His dedication, interpersonal diplomacy, and robust work ethic were highly evident throughout his tenure. We are entirely confident that the practical experience he has gained here will significantly benefit his future academic endeavors and professional career in human resources, public policy, and international management.

Should you require any further information or additional validation regarding his performance, please do not hesitate to contact our offices.

Sincerely,

Zerubabel Mesfin
